

# Inflation Targeting as a Monetary Policy Rule

Lars E.O. Svensson

*Journal of Monetary Economics* 43 (1999) 607–654

## Corrections

**Equation (9), page 613.** (Equation (2.10), p. 4 in Working Paper version.) The definition of matrix  $G$  two lines below equation (9) should be

$$G = A \begin{bmatrix} I & 0_{n_x \times n_x} \\ H & 0_{n_x \times n_x} \end{bmatrix} + B \begin{bmatrix} f & 0_{n_i \times n_x} \end{bmatrix}.$$
